

PAC is an athletic program organized to serve those students who do not have opportunity to participate in a high school athletic program in the Columbia area. This may include homeschooled students, private school students whose school does not offer a sports program, and students who do public school online. It is our desire to play against local public, private, and other home school athletic teams throughout the Midlands and beyond.

At this point in our development, we have Boys JV & Varsity, Girls JV & Varsity soccer teams, Middle school, JV & Varsity Basketball and planning on a starting a Girls team, JV & Varsity Baseball, Cross Country, and Golf. The cost to get started with each of these teams is quite substantial.

Because we are a non-profit organization and receive no external funding, sponsors are crucial to our success in providing the various sports programs for our athletes. Specifically, funds will go toward facility fees, uniforms, equipment, referees costs, and tournament fees.

In return, sponsors will be recognized on our website as a supporter of Providence Athletic Club. We would welcome you to come out and experience the thrill as our athletes compete at a high school level in the various sports offered.

We appreciate your consideration to becoming a sponsor of Providence Athletic Club.

Sincerely,
Jennifer Aurednik
Providence Athletic Club Director
